

REMODEL KITCHEN & BREAKFAST NOOK

This project required designing the existing footprint to include an updated kitchen, sunny breakfast nook and open counter area with pillars between the dining room and kitchen.

Improvements include:

Increased function and traffic flow

Enlarged, state-of-the-art kitchen

New breakfast nook

Custom cabinetry & island

Additional windows to brighten the rooms and enjoy the outside view

Old Kitchen Before Remodel

New cabinets, counters, and doorway

New windows and breakfast nook
